D. A. HUKERI,
Executive Engineer.

BANGALORE DIVISION.

Notification dated 8th May 1941.

1. Sealed tenders will be received at the office of the Executive Engineer, Bangalore Division, up to 2 P.M. on 6th June 1941, for restoring the breached minor tank near Yelachamarnahalli, Hoskote Taluk.

2. Tenders in the prescribed form obtainable on payment of annas four per form from the office of the Executive Engineer, Bangalore Division, should be addressed to the Executive Engineer, Bangalore Division, in a sealed cover and superscribed as "Tender for restoring the breached minor tank near Yelachamarnahalli, Hoskote Taluk. The name of the tenderer should also be superscribed on the top of the cover."

3. Each tender must be accompanied by a duplicate chellan for having credited into the Treasury the deposit amount of Rs. 140 under "17 (*a*) P. W. Deposits" or Mysore Government Bonds, duly endorsed at face value or market value, whichever is less, as earnest money. The earnest money of the successful tenderer will be retained as security deposit for due fulfilment of the contract. Such a deposit in cash will not carry any interest.

4. The final acceptance of the tender will rest with the Executive Engineer, who does not bind himself to accept the lowest or any tender, or to assign any reason whatever for the rejection of any.

5. The name of the successful tenderer will be posted on the Notice Board in the Executive Engineer's Office in due course. Within eight days of the acceptance of the tender, the successful tenderer will be required to execute an agreement in the departmental schedule contract form, for the due fulfilment of the contract, and for the execution of all items of work in accordance with the Bombay Specifications (1931).

6. Failure to comply with the condition 5 above, or to agree to carry out the work in accordance with the specifications and agreements in force, will entail forfeiture of the earnest money.

7. The earnest money of rejected tenders will be returned on submission of the receipt originally granted, along with an application to the Executive Engineer.

8. Copies of contract documents, schedules and drawings may be seen at any time at the Executive Engineer's Office, Bangalore, on all working days between 11 A.M. and 5 P.M. and may be obtained from that officer on payment of Rs. 3 for each.

9. Specific rates should be given for each item in the schedule accompanying the tender and the rates should be in rupees, annas and pies and expressed in words and figures. Tenders offering a percentage reduction on the estimate amount will be rejected.

10. Any rates or lumpsum amounts for the items not called for, if tendered by the tenderer, will not be taken notice of. The rates for such items may be entered in a separate schedule with date and reasons for the same.

11. No alterations which are made by the tenderers in the tender form in the nomenclature of the items of work will be recognised and if corrections are made the tenders are liable to rejection.

12. There should be no alterations or erasures in the tenders in the rates of items and any corrections made in the rates should be attested to and the number of corrections, if any, in each page noted at the foot of the same by the tenderer.

13. No reference should be made to the Public Works Department schedule of rates.

14. In the event of the tender being submitted by a firm, it must be signed separately and severally by each member thereof, or in the event of absence of any partner, it must be signed on his behalf by a person holding power-of-attorney authorising him to do so.

15. When once the rates tendered have been accepted, they will not be revised under any circumstances. In regard to items of work not tendered, the rates for the same will be calculated by the Executive Engineer, on the basis of current rates for materials and labour with a contractor's profit of 5 per cent as may be approved by the Superintending Engineer. This shall be final and legally binding on the tenderer.

16. The quantities given in the schedule are only approximate and the drawings shown to the contractor are only tentative and are liable to alterations, omissions, deductions or additions at the discretion of the Executive Engineer or his representative. The tendered rates will hold good for any quantity, whether higher or lower than those given in the enclosed schedule.

17. The works should be completed and handed over in a tidy condition to the Public Works Department by the end of August 1941, failing which, the Executive Engineer may, at his discretion, levy a penalty of Re. 1 per day, which will ordinarily be calculated at 12 per cent per annum on the total outlay as liquidated damages for non-fulfilment of contract, and will be recovered from the contractor's outstandings for the period exceeded by him beyond the time fixed and until the work is completed and handed over.

18. In all matters of disputes of any kind not specially provided for in the agreement or of rates, penalties, measurements, quality of work, etc., the decision of the Chief or the Superintending Engineer shall be final and legally binding.

19. No claim for damages for delays caused by officers of the department in the execution of the work will be considered, whatever may be the reasons for such delays. Contractors should bear this in mind when tendering for the work. Extension of time due to delays caused by the departmental officers will, however, be considered on the merits of each case.

20. The contract should not be sublet.

21. All materials, tools and plant and machinery that will be supplied by the Executive Engineer in the interest of the work shall be accepted by the tenderer at the rates fixed by the Executive Engineer. The tenderer will pay the hire on tools and plant and machinery as per rules from the date of taking over of such machinery, tools and plant from the Stores to the date of return thereto, the dates considered being the dates of acknowledgments of the vouchers in each transaction.

22. The contractor should arrange for the payment of royalty and tolls.

(*b*) It is the business of the contractor to make his own arrangements for quarries and supplies of materials.

1. That I shall bind myself to transport arrack casks, cases of ganja, special liquors and proof spirits in strong and sound motor lorries, in such manner and by such routes as may be permitted by the Deputy Commissioner, Shimoga District.

(*a*) That I shall be bound to take the casks to be sent out to the moffusil depots of the District in lorries covered with a good tarpauline and that casks are nicely bound up without allowing much jolting before despatch as a precaution against heavy transit wastage which may occur on account of excessive heat during transit for long distance in a more or less jolting condition.

(*b*) That I shall be bound to convey, free of cost, any Government Officer that may be deputed by the Deputy Commissioner or any other Officer empowered by him in this behalf, for the escort of the consignments to the concerned depots and back.

3. That I shall bind myself for the correct delivery with the Government seals intact of the requisite supplies or arrack casks and other cases to the respective depots and treasuries within the time that may be allowed by the Deputy Commissioner for transit to each place.

5. That it will be open to the Excise Commissioner to close any depot during the period of the contract as being superfluous or for any other valid reason.

6. That I shall be bound to carry the requisite supplies of proof spirits and ganja to the depots or the taluk treasuries, as the case may be, in the places named above at a uniform rate of one rupee per case irrespective of the weight and distance.

7. That as remuneration for my contract, the Excise Commissioner or other Officer, as may be appointed by him, shall pay me fortnightly or monthly an amount calculated at the sanctioned rate as noted above for each arrack cask and each of special liquors, conveyed by me from the Railway Station at Shimoga, to the respective depots which includes the bringing back of the empty cask from the depots to the Railway Station at Shimoga.

8. That I shall be bound to bring all the empty casks in sound condition from the several depots back to Shimoga Railway Station and then book them in safe condition to the Officer in charge of the Distillery and Transport Arrangements, Mandya, railway freight to be payable by that Officer, and that I claim no remuneration separately for the purpose.

9. That I shall conform to the Excise and Motor Vehicles Laws and Rules now in force and which may from time to time be issued by Government and the Excise Commissioner and also to such rules or practice as may be prescribed by the Excise Commissioner in Mysore or other competent authority as regards Motor Vehicles.

10. That I shall be bound to make good the loss accruing to Government and the licensees by short stock or no stock of spirits in the said depots or of ganja in the said treasuries by my neglect or carelessness in not conveying the necessary supplies of spirits or ganja to the depot or the taluk treasury, respectively, within the time allowed for transit to me.

11. That as my liability under the contract commences on delivery to me of the spirits, casks or cases and ganja cases at the Shimoga Railway Station, all further liability or responsibility to account for the spirits or ganja, as the case may be, in those receptacles thenceforth shall rest with me till they are safely delivered at the destination with the seals intact and with no tampering or extraction of the contents and any diminution from any cause whatever (acts of God, Vismajor and State's enemies excepted) shall be made good by me at the prevailing rate of duty and price per gallon of arrack 35° U.P. and proportionately for the higher or lower strengths of spirits and per seer of 80 tolas of ganja respectively, and that all dues to Government may be recovered from me as if they were arrears of land revenue.

12. That in the event of the breakdown of the lorry during transit for any cause whatsoever, I shall be bound to make other arrangements for the quick transit of the casks and cases of spirits and cases of ganja or the return of empty casks to their respective destinations and that in the event of my failure to do so, it shall be competent to the Deputy Commissioner to make any arrangements at my cost and that my liability contemplated in condition (11) *supra* shall not cease thereby.

13. That this contract shall not be transferable except with the consent of the Deputy Commissioner and subject to the approval of the Excise Commissioner.

14. That for the due fulfilment of the terms of the contract, I hereby deposit in the District Treasury at Shimoga, a sum of Rs. 1,000 in cash or approved Government Securities duly endorsed in favour of the Comptroller to the Government of Mysore.

15. That in case of breach of the Excise Laws and the Rules or any of the aforesaid conditions or in case of any attempt at fraud, by my servants, agents or employees or by me, it shall be competent to the Deputy Commissioner to impose upon them or for the Excise Commissioner to impose upon myself in the event of my neglect, a fine not exceeding Rs. 50 for every such breach or neglect, or at the option of the Excise Commissioner to declare the money deposited by me forfeited and to cancel the contract. In the event of my contract being cancelled, I shall be bound to make good any loss that might accrue to Government for the remaining period of my contract, by any subsequent disposal of the contract or by any other arrangement and shall not be entitled to participate in any profit that might accrue to Government by such disposal. 13 That this contract shall not be transferable except with the consent of the Deputy Commissioner and subject to the approval of the Excise Commissioner.

14. That for the due fulfilment of the terms of the contract, I hereby deposit in the District Treasury at Shimoga, a sum of Rs 1,000 in cash or approved Government Securities duly endorsed in favour of the Comptroller to the Government of Mysore.
